VOLUME 14, NUMBER 1, MARCH 1989

A. J. MCCOMB: Presidential Address 1988. After the first 200 years: The future of ecology and ecologists in Australia	1
A. N. ANDERSEN: Pre-dispersal seed losses to insects in species of <i>Leptospermum</i> (Myrtaceae)	13
M. G. O'NEILL AND R. J. TAYLOR: Feeding ecology of Tasmanian bat assemblages	19
M. W. RAMSEY: The seasonal abundance and foraging behaviour of honeyeaters and their potential role in the pollination of <i>Banksia menziesii</i>	33
P. SMITH: Changes in a forest bird community during a period of fire and drought near Bega, New South Wales	41
I. R. NOBLE AND P. W. WEISS: Movement and modelling of buried seed of the invasive perennial <i>Chrysanthemoides monilifera</i> in coastal dunes and biological control	55
T. J. HATTON: Spatial analysis of a subalpine heath woodland	65
S. M. HOUSE: Pollen movement to flowering canopies of pistillate individuals of three rain forest tree species in tropical Australia	77
D. J. O'DOWD AND J. A. EDGAR: Seasonal dynamics in the pyrrolizidine alkaloids of <i>Heliotropium europaeum</i>	95
N. J. ENRIGHT AND B. B. LAMONT: Fire temperatures and follicle-opening requirements in 10 <i>Banksia</i> species	107
F. D. PANETTA: Emergence and early establishment of <i>Chondrilla juncea</i> L. (skeleton weed) in the Western Australian wheatbelt	115
F. D. PANETTA: Reproduction and perennation of <i>Chondrilla juncea</i> L. (skeleton weed) in the Western Australian wheatbelt	123
BOOK REVIEWS	131

VOLUME 14, NUMBER 2, JUNE 1989

N. J. DAVIDSON AND J. B. REID: Response of eucalypt species to drought	139
K. J. HUTCHINSON AND K. L. KING: Volume and activity of micro-organisms in litter from native and sown temperate pasture species	157
J. C. NOBLE: Fire studies in mallee (<i>Eucalyptus</i> spp.) communities of western New South Wales: The effects of fires applied in different seasons on herbage productivity and their implications for management	169
P. ADAM, P. STRICKER AND D. J. ANDERSON: Species-richness and soil phosphorus in plant communities in coastal New South Wales	189
T. J. HATTON: Spatial patterning of sweet briar (<i>Rosa rubiginosa</i>) by two vertebrate species	199
T. J. DOEG, P. S. LAKE AND R. MARCHANT: Colonization of experimentally disturbed patches by stream macroinvertebrates in the Acheron River, Victoria	207
P. G. VAN DER MOEZEL AND D. T. BELL: Plant species richness in the mallee region of Western Australia	221
J. C. Z. WOJNARSKI, J. M. CULLEN, C. HULL AND R. NAYUDU: Lerp-feeding in birds: A smorgasbord experiment	227
C. G. WILSON: Post-dispersal seed predation of an exotic weed, <i>Mimosa pigra</i> L., in the Northern Territory	235
R. ORNDUFF: Size distribution and coning behaviour of the Australian cycad <i>Lepidozamia peroffskyana</i>	241
J. M. B. SMITH: An example of ant-assisted plant invasion	247
THESIS ABSTRACTS	251
BOOK REVIEWS	255

VOLUME 14, NUMBER 3, SEPTEMBER 1989

D. J. TONGWAY, J. A. LUDWIG AND W. G. WHITFORD: Mulga log mounds: Fertile patches in the semi-arid woodlands of eastern Australia	263
B. G. COLLINS AND D. C. PATON: Consequences of differences in body mass, wing length and leg morphology for nectar-feeding birds	269
S. YEN AND P. J. MYERSCOUGH: Co-existence of three species of amphibious plants in relation to spatial and temporal variation: Field evidence	291
S. YEN AND P. J. MYERSCOUGH: Co-existence of three species of amphibious plants in relation to spatial and temporal variation: Investigation of plant responses	305
C. J. VELTMAN AND R. E. HICKSON: Predation by Australian magpies (<i>Gymnorhina tibicen</i>) on pasture invertebrates: Are non-territorial birds less successful?	319
R. W. ROGERS: Colonization, growth and survival strategies of lichens on leaves in a subtropical rain-forest	327
D. LUNNEY, M. O'CONNELL, J. SANDERS AND S. FORBES: Habitat of the white-footed dunnart <i>Sminthopsis leucopus</i> (Gray) (Dasyuridae: Marsupialia) in a logged, burnt forest near Bega, New South Wales	335
J. M. BROWN: Regional variation in kwongan in the central wheatbelt of south-western Australia	345
B. J. FOX AND G. GULLICK: Interspecific competition between mice: A reciprocal field manipulation experiment	357
M. K. MOSSOP: Comparison of seed removal by ants in vegetation on fertile and infertile soils	367
THESIS ABSTRACT	375
BOOK REVIEWS	377

VOLUME 14, NUMBER 4, DECEMBER 1989

P. C. E. BAILEY: The effect of water temperature on the functional response of the water stick insect <i>Ranatra dispar</i> (Heteroptera: Nepidae)	381
C. R. DICKMAN: Demographic responses of <i>Antechinus stuartii</i> (Marsupialia) to supplementary food	387
M. S. HOPKINS AND A. W. GRAHAM: Community phenological patterns of a lowland tropical rainforest in north-eastern Australia	399
G. H. PYKE: Effects of flower removal on abundance and behaviour of honeyeaters in heathland near Sydney	415
J. LANDSBERG: A comparison of methods for assessing defoliation, tested on eucalypt trees	423
L. E. TWIGG, B. J. FOX AND L. JIA: The modified primary succession following sand mining: A validation of the use of chronosequence analysis	441
C. J. E. BELL, B. L. FINLAYSON AND A. P. KERSHAW: Pollen analysis and dynamics of a peat deposit in Carnarvon National Park, central Queensland	449
A. P. SMITH, G. S. WELLHAM AND S. W. GREEN: Seasonal foraging activity and microhabitat selection by echidnas (<i>Tachyglossus aculeatus</i>) on the New England Tablelands	457
D. M. HUNTER: The response of Mitchell grasses (<i>Astrelba</i> spp.) and Button grass (<i>Dactyloctenium radulans</i> (R. Br.)) to rainfall and their importance to the survival of the Australian plague locust, <i>Chortoicetes terminifera</i> (Walker), in the arid zone	467
D. C. PATON AND B. G. COLLINS: Bills and tongues of nectar-feeding birds: A review of morphology, function and performance, with intercontinental comparisons	473
P. S. LAKE, T. J. DOEG AND R. MARCHANT: Effects of multiple disturbance on macroinvertebrate communities in the Acheron River, Victoria	507
P. ADAM, P. STRICKER, B. M. WIECEK AND D. J. ANDERSON: The vegetation of seacliffs and headlands in New South Wales	515
F. MUNYENYEMBE, J. HARRIS, H. NIX AND J. HONE: Determinants of bird population in an urban area	549
THESIS ABSTRACT	559
BOOK REVIEWS	561
REFEREES	567
AUTHOR INDEX	568
